WELCOME FROM THE NEW CHAIR

Welcome to this month's issue of the Llanfair town chronicle.

I was honored to be elected Chair to the Council for the ensuing year on Monday 20th May at the annual meeting. I am proud to be following in my late father's footsteps.

I will be ably supported by Cllr Melvin Jones as vice chair.

I wish to thank Cllr Ian Davies for all his hard work as Chair over the previous two years, it was much appreciated.

Now summer is upon us and hopefully the weather will improve after a very wet winter and spring which has been a challenging time for our local farmers and anyone working on the land.

The Urdd eisteddfod is taking place as I write this and has been very popular and is bringing lots of visitors to Llanfair and has supported the local businesses. We will soon welcome another new business into the village with the opening of the new Chinese takeaway. Hopefully, this will attract even more visitors to our village to sample what we have to offer.

Unfortunately, there is no Carnival this year, but the committee are always seeking new volunteers and will be fundraising this year to make next year's event even bigger and better.

The friends Of Deri Wood (FODW) were visited in May by the High Sheriff of Powys who was given a tour of the woods and was shown some of their projects and maintenance work. We are grateful for all the hard work the volunteers put into keeping Deri woods a great place to visit.

We as a Town council always strive to do our best for the community and are currently seeking grant aid for various projects in the village. We hope we will be successful in our applications.

I look forward to working with the Council and Town Clerk over the coming year.

Regards
Cllr Rob Astley

We also offer sheet steel shearing, CNC steel folding and CNC press braking, ring and plate rolling

Gwasanaethau Amgylcheddol Technegol
Technical Environmental Services

Llanfair Caereinion Carnival

As many of you know, the Carnival Committee had to make the difficult decision not to organise a Carnival this year. The main reason for this was a lack of funds, followed closely by a shortage of volunteer helpers during the Carnival weekend. Before COVID-19, it cost approximately £3,500 to host the Carnival, but now it costs £5,500.

We, as the Carnival Committee, will be organising some fundraising events later in the year to ensure the Carnival can go ahead in 2025 and for many more years to come. We need the community's support for this significant event in our calendar.

If you would like to offer your help, please get in touch through our Facebook page.

We are an aging committee, and it would be wonderful to have younger members involved in organising the Carnival.

We are already planning for next year and have chosen a theme: **"Famous Landmarks."** You heard it here first!

So, get your creative juices flowing and let's have some fantastic floats and fancy dress outfits for Llanfair Carnival 2025!

PICTURES FROM THE EISTEDDFOD (Urdd) 2024

(courtesy of the BBC website)

Although the Urdd event was a little wet at the beginning of the week the weather got better as time passed. From all reports overall it was a great event and an amazing experience for those who attended and took part. Thank you to all who made the event possible.

Welshpool & Llanfair Steam Railway Gala 2024

The gala this year is to be held from **Friday 30th August through to Sunday 1st September**. So what is happening? Here is a summary of the main attractions for this year:

DL34 Diesel loco from Taiwan in full service

Loco 699 Sir Drefaldwyn in steam service

THE FRIENDS OF DERI WOODS

Kathryn Silk the High Sheriff of Powys visited Deri Woods to meet the Friends of Deri Woods volunteers. The friends meet monthly on the third Monday and carry out maintenance, planting and vegetation management in partnership with the Town Council and the Montgomeryshire Wildlife Trust.

You can see the difference made by the volunteers work when you visit the woodland walks through Goat Field and Deri Woods.

Cllr Gareth Jones and the Town Clerk joined the high Sheriff to offer their thanks for the work being done by volunteers.

Taiwanese engine launched at the Welshpool & Llanfair Light railway

On Saturday 4th May, the Welshpool & Llanfair Light Railway (W&LLR) officially launched the newest addition to its fleet, a powerful diesel on loan from the Alishan Forest Railway (AFR) of Taiwan.

Cllr Rob Astley and the Town Clerk attended the official launch ceremony which saw a delegation who had travelled to the picturesque Mid Wales line specially from the Alishan Forest Railway and Cultural Heritage Office, hold a joint ceremony with the W&LLR Team and local dignitaries, after which DL-34 hauled its first passenger train since arriving in the UK. As a symbol of friendship and co-operation between the two railways, the ceremony saw the joint symbolic fitting of a headboard to the locomotive by Lin Hwa-ching (Director-general of Forestry and Nature Conservation Agency) and Steve Clews (Chairman of the W&LLR).

The occasion also afforded the opportunity for an exchange of ideas between the two heritage railways, including further co-operation in promoting tourism in our regions, best practice in operation and maintenance, and engaging with new audiences both as visitors and volunteers. The W&LLR and Alishan Forestry Railway have been affiliated since 2017 and we hope that this loan will help further our educational and cultural co-operation going forwards.

DL-34 arrived in the UK in 2023 after its near 10,000km journey from Taiwan. Over the past 12 months the W&LLR team have been working hard with specialist contractors to modify the locomotive's brake system and couplings for use on the Welsh line, test the locomotive and train drivers in its usage. DL34 is due to operate

more passenger trains during the summer period, operating days will be published on the railway's website in the coming months. The engine is on loan to the Welsh line for an initial three-years.

W&LLR Chairman Steve Clews said, 'This loan is the culmination of four years of discussions and hard work and is a great opportunity for our two railways to continue building their relationship.'

Lin Hwa-ching, Director-General of Taiwan's Forestry and Nature Conservation Agency said 'Under the excellent care of the Welshpool and Llanfair Light Railway, we believe that DL-34 will traverse the beautiful hills and plains of Wales gracefully.'

DL-34 was built in 1972 by Mitsubishi of Japan. Designed to tackle the famous steep gradients and tight curves of the Alishan Forest line, its engine produces a formidable 523 HP. The AFR is famous for being the highest narrow-gauge line in Asia, with steep gradients and its distinctive Shay locomotives.

The Friends of Llanfair Clock

I would be very surprised if there is anyone who doesn't yet know that the clock face was removed in April and taken away for refurbishment. It did, after all, make the front page of the County Times that week! I was surprised to see how large it was once I was face to face with it. Believe it or not it is five feet in diameter and the hands were bigger than I expected too.

So exciting times ahead. I am waiting to hear from the contractors as to the date for their return and will try to let everyone know in good time. However they will ensure the clock is working before they leave, so you may hear the bongs before you have had time read my message.

Thank you again to everyone for your support, without it we would not have been able to make this happen. A brilliant example of our community coming together. Thank you also to the members of the committee who have never failed to provide sage advice and thorough support.

Once the clock is reinstated the committee will provide a final balance sheet and details of the maintenance fund.

BACH FLOWERS

You may have heard of Dr Bach's "Rescue Remedy", but did you know that Dr Bach developed a system of 38 flower essences that have helped many people find emotional balance and enjoyment in life, especially in today's busy world?

Bach Foundation
REGISTERED PRACTITIONER

If you would like to know more about how Dr Bach's flower essences might be able to help you, then please do call us for a no obligation explanation of Dr Bach's system. We are both Registered Bach Flower Practitioners, live locally and hold confidential consultations.

St Mary's Church News

Thank you to everyone who came to see our knitted Easter Story or has complemented us on the Urdd Post-box topper. I'm sure there will be a new challenge for the knitters very soon.

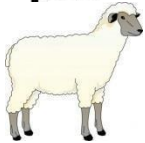

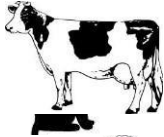

Change is on the horizon here at St. Mary's with thoughts turning to the appointment of a new priest, and we hope to have more news soon. With that in mind we have been trying to get our housekeeping in order, that everything will be ready for them to begin their ministry. One of the tasks which needs to be completed is a list of current key holders. This has in turn made us appreciate that some of the keys we thought we had would seem to be missing and we suspect they may be somewhere within the Llanfair community.

We now know that our current electronic key system was fitted in 2005 and since that time we have had many different people holding key holder positions within our church. Often, keys have been returned, but as we are some missing, we suspect that in some cases this hasn't happened. Circumstances such as those around lockdown and the closing of our church during the pandemic may well be reason behind this. If you, or someone you know does still hold a key we would be grateful for its return, no questions asked, as replacements are expensive to obtain.

Please let Sue Whitehouse know if you manage to track one down and she will arrange to collect it. They have a blue plastic top with either, a white, yellow or red plastic dot within it. The key will also have the name Paul Ashby engraved down one side.

Political talking - or how not to answer a question (Anon.) ...

A politician's partner asks if they have put the bins out ...

"That's a very good question and I'm glad you've asked it because it gives me a chance to tell you that I have personally put more bin men on the streets in the last ten years than anyone else"

"That's nice dear, but have you taken the bins out?"

"I think you'll find that it's not the bins that's the issue, but rather the question of bin collection that we should be talking about, I could give you the figures on how many extra millions of pounds I have spent in making bin collection more efficient for the great British public."

"Really dear, all I wanted was to know if you've taken the bins out, but, as you've mentioned it, why are the bins only emptied every three weeks now instead of two?"

"What you need to consider is that moving to three-weekly collections gives people the chance to have greater opportunities for recycling. In this way we continue to meet the needs of the ordinary man or woman, non-binary or other unspecified gender person, in the street. All of which I'm honoured to serve, regardless of gender, sexuality, race, ability, or religion and all of whom it is important to consider when making decisions about bins; furthermore I would like it noted that bins have a significant impact on one's mental health and well-being."

"Okay, that's nice for you, but have you put the bins out?"

"When talking about bins, it's also important to look at my record on other public services such as health and education where I have tirelessly worked to meet the needs of the great British public, which as I may have mentioned, I'm honoured to serve."

"Yes dear, I'm sure you're doing a great job, now about the bins?"

"Of course, when it come to the bins, which I do intend to take out at some time in the near to medium future, it is worthwhile also looking at the environmental policies, which I'm glad to have played a humble part in, and which means that we now have far more bins to put out than under previous administrations. I do, of course, do a social media update on my many photo opportunities; I mean good work."

"So, you haven't put the bins out?"

"I think trying to reduce the question of the bins down to a simple yes or no answer is to over simplify matters and that is not what the great British public wants, have I mentioned that it is my great honour to serve them? What I'm trying to do is give you a complete and thorough explanation regarding the movement of bins and all the factors involved, many of which are, sadly, outside of my control."

"Oh forget it, I'll put them out myself!"
